LETTER FROM THE EXECUTIVE DIRECTOR

Lindsey Wimmer
Founder &
Executive Director

What is Star Legacy Foundation?

I love when people ask me this question because I have the opportunity to raise awareness and share my passion for stillbirth prevention and care. I also get to describe the amazing volunteers who have joined our team and work tirelessly in our mission. But it can also be a challenging question because it's hard to sum up all we do in a sentence or two!

In 2018, we hosted education workshops for health professionals, provided health information to families and health facilities around the world, published newsletters and podcasts, supported stillbirth research grants, and offered support groups and peer support to hundreds of families. We raised awareness at health expos and medical conferences, promoted legislation benefitting bereaved families, and had a social media campaign that reached more people than ever!

The exciting part is that we have even more planned for 2019! We are working to host the 4th Stillbirth Summit, launch the Pregnancy Research Registry, welcome new Chapters, and provide even more education workshops throughout the United States.

We are grateful to the individuals, groups, families, and businesses that have made it all possible. From volunteer hours to financial donations – all contributions to our efforts are appreciated and necessary to accomplish so much. It is an honor to do this work in memory of all our babies.

Thank you for a wonderful year and I can't wait to share all we were able to do in 2019!

Lindsey Wimmer

LETTER FROM THE BOARD CHAIR

Chris Duffy
Board Chair

Raising awareness. Removing the stigma. Saving lives.

These are three themes that come to my mind when I reflect on the accomplishments of the Star Legacy Foundation in 2018. It was a year of significant growth, which allows us to raise awareness about pregnancy loss, remove the stigma, and ultimately save lives. It was not long ago when this organization had zero paid employees, a presence only in Minnesota, and limited revenue to accomplish its goal of reducing pregnancy loss. Over the past few years, we have experienced a groundswell of activity orchestrated by a strong executive director and made possible by families from across the country who are passionate about preventing families from experiencing the most potent form of grief imaginable.

The Star Legacy Foundation now has more than 20 chapters from coast to coast, 23 annual events, four full-time employees, a visionary board of directors, and hundreds of committed volunteers across the country. Together, we are removing the stigma of pregnancy loss and taking tangible steps to reduce pregnancy loss in the United States.

We are pioneers charting new territory in honor of our sons and daughters gone too soon. There is a lot of work to be done, but the pieces are in place to make real change. Thank you for being an important part of this growing organization.

Chris Duffy, Board Chair

STAR LEGACY
FOUNDATION

WHO WE ARE

The Star Legacy Foundation is a 501(c)(3) non-profit organization dedicated to reducing pregnancy loss and neonatal death and improving care for families who experience such tragedies. We are a community of families, health professionals, researchers, policy makers, and individuals dedicated to helping every pregnancy have a happy ending.

OUR MISSION

To increase awareness, support research, promote education, and encourage advocacy and family support regarding stillbirth, pregnancy loss, and neonatal death.

OUR VISION

We believe there is great hope for the future to prevent many stillbirths and neonatal deaths in the United States and around the world. We envision that through the utilization of technology, education, grassroots efforts, and partnership, we can empower families and health professionals to identify and protect vulnerable babies.

An excellent resource with a fundamental mandate aimed to serve the greater good of all.

Star Legacy Foundation is a truly inspirational work of heart and much needed support network for those who's lives are touched by baby loss.

Thank you for all you have done and that which you continue to do. Your efforts are appreciated".

I remember when Star Legacy Foundation began...

It was the name that caught my attention. Easily remembered and hard to forget; much like our loved ones, who go before us to light the way upon our healing journey.

The memories are difficult to ignore, no matter how many years have come to pass, they flood back...

Thank you for all you do; it means a great deal to see others reaching out in support and working to raise greater awareness; it's appreciated.
