1st Virtual Symposium: Prenatal Onset of Group B Strep Disease

Module | Presenter | Title | Contact Hours
--- | --- | --- | ---
1 | Introduction to Prenatal Onset Group B Strep Disease | David M. Aronofsky, MD, FIDSA, FAAM | 1.25
2 | Pathways of Infection – Maternal | James A. McGregor, MDCM | 1.0
3 | Conventional Prevention Strategies | Marti Perhach, Executive Director, Group B Strept International | 1.25
4 | Alternative Treatments and Research | James A. McGregor, MDCM | 1.0
5 | Potential Prevention Strategies | Lisa Hanson, PhD, RN, CNM, APNP, FACNM | 25
6 | Determining Cause/Assessing the Burden | Larry Paolelli, PhD | 5
7 | Parent Stories | James A. McGregor, MDCM | 5
8 | Parenting Revisited: Family Outcomes | James A. McGregor, MDCM | 5
9 | Respect and Autonomy | James A. McGregor, MDCM | 1.25
10 | Research | James A. McGregor, MDCM | 1.0
11 | Respect and Autonomy | Amy Perhach, BA | 22.5
12 | Supporting Loss Families | James A. McGregor, MDCM | 2.25
13 | Supporting Loss Families | Sherokie Isle, BA, BLFA | 25
14 | Providing Support In Subsequent Pregnancies After a GBS+ Birth | Sherokie Isle, BA, BLFA | 2.25
15 | Providing Support In Subsequent Pregnancies After a GBS+ Birth | Bevin Tomlin, BS, MS | 2.25
16 | Post-Mortem Authorisation – Parent to Parent | Margaret Evans, BSc, MBChB, FRCPath (Obstetrics) | 2.25
17 | Post-Mortem Authorisation – Parent to Parent | James A. McGregor, MDCM | 2.25
18 | Parental Bereavement – Compassion Heals | Gaby Foster, Med | 2.25
19 | Defining Prenatal-onset Group B Strept Disease | Marti Perhach Executive Director, Group B Strept International | 2.25
20 | Recognizing Maternal Infection Associated with GBS carriage during pregnancy: A Logic model approach to prevention | Timothy Barkham, MBBS, MSc, FRCPath | 2.25
21 | Puerperal infection associated with GBS carriage during pregnancy: A Logic model approach to prevention | Swaine L. Chen, MD, MBBS, MSc, FRCPath | 2.25
22 | Serial Clustered Onset Late-Onset Group B Streptococcal Infections in the Neonatal Unit: A Genomic Re-evaluation of Causality | Bevin Tomlin, BS, MS | 2.25
23 | What Can We Currently Do to Help Prevent Prenatal-onset Group B Strept Disease? | Marti Perhach, Executive Director, Group B Strept International | 2.25
24 | Monitoring Fetal Movement in the 3rd Trimester | James A. McGregor, MDCM | 2.25
25 | Revisiting Group B Strept symptomatic vaginitis (GBSSV) | Jane Hanson-Ernstrom, RN, BSN, CNM, MS | 2.25
26 | Universal Utilization of Nurse Family Practitioner/Home Visitation Pregnancy Services to Optimize Preconception Through Early Childhood and Transgenerational Family Outcomes | Thalita Lamagni, MDCM | 2.25
27 | A Logic Model-Inspired Review and Analysis of Alternative or Complimentary Approaches to Prevent Group B Streptococcal Colonization or Infection in Pregnancies at Birth | Marti Perhach, Executive Director, Group B Strept International | 2.25
28 | Assessing the Potential of GBS Maternal Immunisation in Preventing Maternal Infection and Foetal Harm | Joyce Bryant, RN-C, BSN, MD, MDN, GED | 2.25
29 | Reduced Discomfort Vaccination: Pain Prevention Strategies to Encourage Readiness for a Maternal Vaccine Against Group B Streptococcus | Theresa Lariagali, MS, PhD, HonMEPH | 2.25
30 | Delayed Acquisition of Rectovaginal GBS Colonisation: A Hidden Benefit of GBS Conjugate Vaccines | James A. McGregor, MDCM | 2.25
31 | Research Randomized Controlled Trial of Oral Probiotics for Primary Prevention of Antepartum GBS | Lisa Hanson, PhD, RN, RN, CNM, APNP, FACNM | 2.25
32 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
33 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | Marti Perhach, Executive Director, Group B Strept International | 2.25
34 | Reduced Discomfort Vaccination: Pain Prevention Strategies to Encourage Readiness for a Maternal Vaccine Against Group B Streptococcus | James A. McGregor, MDCM | 2.25
35 | Assessing the Potential of GBS Maternal Immunisation in Preventing Maternal Infection and Foetal Harm | James A. McGregor, MDCM | 2.25
36 | Assessing the Potential of GBS Maternal Immunisation in Preventing Maternal Infection and Foetal Harm | Joseph Bryant, RN-C, BSN, MD, MDN, GED | 2.25
37 | Research Randomized Controlled Trial of Oral Probiotics for Primary Prevention of Antepartum GBS | James A. McGregor, MDCM | 2.25
38 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | Marti Perhach, Executive Director, Group B Strept International | 2.25
39 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
40 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
41 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
42 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
43 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
44 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
45 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
46 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
47 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
48 | What Are the Best Ways to Establish Group B Strept as a Likely Cause of Perinatal Morbidity? | James A. McGregor, MDCM | 2.25
