

STAR LEGACY
FOUNDATION

RESOURCE CATALOG

*Resources For Your Important Work With
Perinatal Patients and Their Families*

INTRODUCTION

Caring for families who are experiencing the death of a baby during pregnancy or infancy is among the most challenging tasks in health care. Early stages of parenthood are supposed to be happy moments filled with excitement and joy. This only makes it that much more devastating when they are filled with sorrow and grief. The one constant in all scenarios is love for the baby and the need for care and compassion. Health professionals who provide that critical support can be a source of hope and light for people in their darkest days.

Star Legacy Foundation is a community of families and health professionals who are here to help you and the families you serve along the way. We hope the items here will be helpful information and resources. The prenatal care pieces are designed to empower families with information that could prevent them from joining the ‘club’ of bereaved parents.

Please let us know if we can support you, your team, and your clients! Thank you for sharing our belief that Every Pregnancy Deserves a Happy Ending.

Lindsey Winauer, CPNP

TABLE OF CONTENTS

Bereavement

**Star Legacy Foundation
General Brochure**
Includes general information about Star Legacy Foundation and our mission, vision, programs and projects.

Stillbirth Brochure
Helpful information for parents who anticipate or have experienced the stillbirth of their baby. Also available in Spanish, Hmong and Somali.

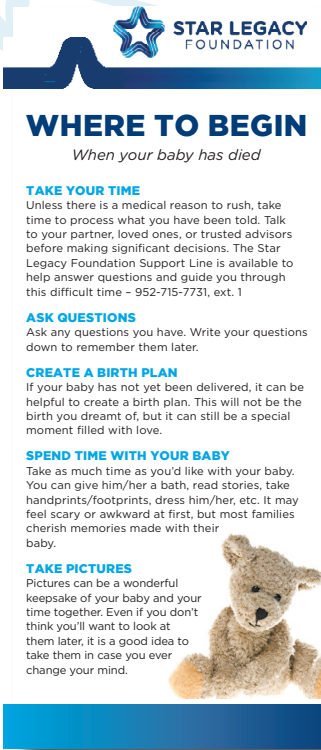

Coping With Infant Death
This brochure provides support to parents and families who experience the death of their baby when the cause of death is apparent. Whether accidental or anticipated this brochure provides information on creating memories, physical and emotional care and supportive resources. Also available in Spanish, Hmong and Somali

Coping With Neonatal Death
This brochure supports families anticipating or experiencing the death of their newborn baby. It offers information on what to expect, physical and emotional care and ways to create memories of the baby.

Navigating Miscarriage
helpful information for parents experiencing a miscarriage including definitions, causes and navigating their own grief. Also available in Spanish, Hmong and Somali.

Sudden Unexpected Infant Death
This brochure is intended for the family experiencing the completely unexpected death of their infant. It includes information on definitions, family impact, grief and physical and emotional care going forward. Also available in Spanish, Hmong and Somali.

A Father's Grief
Dads are often over looked out of concern for the mother when a baby dies. In addition, Dads feel the need to take care of their partner and tend to push their own grief into the background. This brochure is intended to help fathers understand that their grief is real, what to expect and how to cope. Also available in Spanish, Hmong and Somali.

Where to Begin When Your Baby Has Died
At the time of a baby's death, reading volumes of information is just not likely or even possible. This brief card provides concise information that is timely and most important at the time of a death or when a stillbirth is anticipated. Greater details are available in other brochures. Also available in Spanish, Hmong and Somali.

Caring For Yourself After Prenatal Loss

A mother's body doesn't realize that her baby died. It carries on - the post-partum discomforts are real including in many cases the production of milk. This brochure helps mothers understand what to expect and how to manage her physical and emotional discomforts. Also available in Spanish, Hmong and Somali.

Grief of Grandparents

Grandparents experience a unique duality in their grief when a baby dies. This brochure helps grandparents to understand the nature of their grief and ways to be supportive of their own children immediately and going forward.

Family & Friends

This brochure is a guide for friends and extended family members when a baby dies. It is intended to help individuals know how to best support grieving parents and grandparents at this very difficult time.

Information For Military Families

The US armed forces has unique benefits available to military families who experience the loss of a pregnancy or the death of their baby. This brochure reviews these benefits.

Finding Answers

This brochure is designed to facilitate difficult conversations to ensure families understand the options for testing that are available after the death of their baby. Content includes information about autopsy, blood tests, common concerns, and possible benefits.

Talking With Children

The birth of a new baby is anticipated by the entire family, including other children. This brochure helps to explain what children understand at various developmental levels and how to talk to them about the baby. This includes both children living at the time of the loss as well as children born subsequent to the loss.

Parenting In Pregnancy Booklet

This booklet is for the pregnant woman anticipating the birth of a baby. It can be given very early on as it includes recommended healthy pregnancy habits. Also included is the most current information on topics such as monitoring your baby's behavior, safe sleep and more. A brief summary card of this information is also available. Also available in Spanish, Hmong and Somali.

Minnesota Center for Stillbirth & Infant Death

Established in 2019 with support from the Minnesota Department of Health, this brochure describes the programs and projects available to Minnesota families who suffer pregnancy loss or the loss of a baby up to one year of age.

PARENTING IN PREGNANCY
Taking care of baby starts now!

Pregnancy is an exciting time to prepare for a new life. But many new parents don't realize that your parenting duties begin now!

ADOPT A HEALTHY LIFESTYLE
Maintain a healthy weight, exercise, eat a balanced diet, stop using tobacco, alcohol, or other recreational drugs, and reduce stress.

KNOW YOUR RISK FACTORS
Talk to your health provider about any risk factors for poor outcomes.

- Maternal infections
- Moms over 35 years old
- Gestational Diabetes
- High blood pressure
- Maternal health conditions (lupus, kidney, heart, or thyroid disease, anti-phospholipid syndrome, etc.)
- African American or Native American ethnicity
- History of previous poor pregnancy outcome (preterm birth, small for gestational age baby, stillbirth, neonatal death)
- Use of assistive reproductive technologies
- Pregnancy beyond 40 weeks
- Poor growth in baby
- Change in baby's movements

LEARN ABOUT YOUR BABY
Your provider may recommend blood tests, urine cultures, and ultrasounds to monitor your baby's health.

Parenting In Pregnancy (reminder card)

This card is a review of topics covered in the Parenting in Pregnancy Booklet - it talks about healthy lifestyle during pregnancy, knowing your risk factors, learning to know your baby, quality sleep, monitoring baby and listening to maternal intuition. Also available in Spanish, Hmong and Somali.

Pregnancy Following Loss

A pregnancy subsequent to a previous loss is filled with anxieties and unknowns. This brochure offers guidance on when to plan another pregnancy, what to expect in a future pregnancy, emotional and physical care in a future pregnancy. Also available in Spanish, Hmong and Somali.

PREGNANCY FOLLOWING LOSS

PREGNANCY RESEARCH PROJECT

You are invited to participate in the Pregnancy Research Project to help researchers learn more about healthy pregnancies and poor pregnancy outcomes.

AM I ELIGIBLE?

You are eligible to participate if:

- You are at least 18 years of age or older
- You have had a stillbirth (pregnancy loss at or after 20 weeks gestation) at any time in the past
- You have delivered a living baby within the last five (5) years
- You are currently pregnant at 12 weeks gestation or more

For more information or to enroll in the Pregnancy Research Project, visit:
pregnancyresearchproject.org

Share information about your pregnancies to help us make all pregnancies healthy and safe!

Pregnancy Research Project Informational Poster and Card

These items provide information about the Pregnancy Research Project. Posters can be placed in waiting rooms, restrooms, hallways or any area where potential study participants might see them. The smaller card is a condensed version of the same information intended for grab and go. The posters also have pads of business cards that can be a fixed to the poster for interested individuals to take. Individual business cards are also available.

STICK ME ON YOUR FRIDGE, AS YOUR DAILY SAFE PREGNANCY REMINDER

Don't worry about falling. It's important for your doctor and relatives to know if you have any concerns. **DO NOT put out calling until the next day to see what happens.**

SIDE TO SLEEP WHY? Research has shown that going to sleep on your side is the best position for your baby and reduces your risk of stillbirth. Go to sleep on your side to the best position to sleep for your baby.	MOVEMENTS MATTER (NORMAL?) There is no set number of normal movements. Your baby probably makes your baby has a regular pattern of movements. Your baby is active. If you feel less than 10 movements in 2 hours, or if you feel no movements at all, call your doctor. If you feel more than 10 movements in 2 hours, call your doctor. If you feel less than 10 movements in 2 hours, call your doctor.	EARLY PARENTING (MY BABY) Each pregnancy and baby is unique. Get to know your baby and what makes your pregnancy special. It's important to know your baby's patterns. You and your baby are unique.
WHEN? Whenever you are sleeping in the last trimester. This includes bedtime sleep and going to sleep at night.	WHY? Research has shown that side sleeping has reduced risk of stillbirth. Your baby's movements are important. Your baby's movements are important. Your baby's movements are important.	INSTINCTS Trust your instincts. If you feel something is wrong, call your doctor. If you feel something is wrong, call your doctor. If you feel something is wrong, call your doctor.
WHAT IF? If you wake up on your back in the night, just roll over onto your side. If you go to bed on your back, just roll over onto your side. If you go to bed on your back, just roll over onto your side.	WHAT? A baby's movements can be described as four different types: kicks, rolls, jabs, or jabs. It is important to know the frequency, strength, and pattern of baby's movements and behavior.	WHY? Knowing your baby's movements can help you know your baby's health. It's important to know your baby's movements and behavior.
CONCERNS? If you feel your pain or can't sleep on your side, it's important to call your doctor. If you feel your pain or can't sleep on your side, it's important to call your doctor. If you feel your pain or can't sleep on your side, it's important to call your doctor.	MYTHS? It is NOT true that babies move less as you get closer to delivery. It is NOT true that babies move less as you get closer to delivery. It is NOT true that babies move less as you get closer to delivery.	CALL? If you ever have an uneasy feeling or concern that something is wrong, contact your healthcare provider immediately. If you are worried, we are worried and need to know. Don't wait!

Also available in Spanish, Hmong and Somali.

STILL AWARE
starlegacyfoundation.org

DAILY ACTIONS FOR A SAFER PREGNANCY

Get to know your baby's **normal behavior**

Monitor the **pattern** of your baby's movements

Monitor the **strength** of your baby's movements

Monitor the **frequency** of your baby's movements

Go to **sleep on your side** after 28 weeks

Trust your **maternal instincts**

Call your **provider immediately** if you have any questions or concerns

PROVIDING COMFORT
When a baby dies
A quick reference for health professionals

FIRST FEW HOURS

- Say, "I'm sorry"
- Use the baby's name
- Reassure the mother she didn't cause the death
- Provide a private space for loved ones to wait or gather
- Be mindful of non-verbal communication
- Answer questions clearly and repeat important information

WHAT TO SAY AND DO

- Be present
- Give them time to make decisions
- Remember fathers, partners, grandparents, siblings, and other loved ones
- Connect them with peer support and other resources
- If you do not know the answer to their questions, find someone who does

OFFER TIME WITH BABY

- Provide time for them to say 'hello' to their baby before saying 'goodbye'
- Create keepsakes for the entire family
- Honor cultural or religious beliefs. If you are unsure, it is okay to ask.
- Encourage them to take photos
- Help them parent the baby by bathing, dressing, diapering, reading, etc

Pregnancy Research Project

This brochure provides information about the Pregnancy Research Project including information on the purposes and aims of the research, eligibility, data safety and security, and how to participate.

Certificate of Baby Blessing

On this very special day, _____

Child of _____

Was Joyfully Celebrated With A Baby Blessing

On the _____ day of _____ In the year _____

Officiated by _____

Baby Blessing Certificate

Free

Provide a keepsake certificate to families when a blessing ceremony is performed.

Certificate of Baptism

This Certifies That _____

Was Baptized in the name of the Father, Son and Holy Spirit

On the _____ day of _____ In the year _____

Officiated by _____

God of all creation,
we bless and thank you for your tender care.
Receive this life you created in love
and comfort your faithful people in their time of loss.

Baptism Certificate

Free

Provide a keepsake of the moment a precious baby is baptized.

You've Received a Random Act of Kindness

in *loving memory of* _____

www.starlegacyfoundation.org

Random Act of Kindness Card

\$3.00/25 cards

Honor a special person or baby with a Random Act of Kindness. Many families like to do this to commemorate birthdays, holidays and other special occasions - or just because. Simply perform an act of kindness - buy a strangers meal, leave a small gift, mow someone's lawn, give a movie ticket. The sky is the limit - use your imagination - even the smallest gesture in your baby's memory will brighten someone's day.

There is no foot too small that it cannot leave an imprint on this WORLD

www.starlegacyfoundation.org

Hand/Footprint Card

Free

Memories are all that is left after a baby dies. Help families preserve these priceless memories by taking hand/foot-prints of their precious child.

Rainbow Baby Card

Free

Provide a gentle reminder to all who care for moms in a pregnancy subsequent to a loss. Let your staff and visitors know that this family has survived a terrible tragedy and are faced with many anxieties bringing another baby into the world.

(Limited quantities)

Hospital Loss Door Sign

Free

Place on the patient room door as a reminder to all who enter that a loss delivery is behind the door and sensitivity is important

Remembrance Candle

\$15.00

Memorial candle personalized with your baby's name and dates.

Remembrance Yard Sign

\$40.00

18x24 yard sign to honor the memory of a precious family member. Includes wire frame stand.

October Awareness Yard Sign

\$40.00

18x24 yard sign to honor the memory of a precious family member. Includes wire frame stand.

Support/Awareness Wristband

\$1.00

Wear this silicone wristband in support of a loved one or to help raise awareness. "Because Every Pregnancy Deserves A Happy Ending."

Baby Items

Star Legacy Foundation has dedicated seamstresses who take donated gowns and other items to re-purpose into items appreciated by families in their darkest moments. We always have a large selection of gowns, blankets, diapers, hats and more. All items come in boy/girl/neutral colors and in a variety of sizes. Contact us to discuss your needs and we will get some things right out to you.

Star Legacy Foundation Cookbook 15.00

Enjoy recipes compiled by families in memory of their babies. Limited Supply Available

Forget Me Not Seeds \$2.50

The dainty and beautiful forget-me-not flower has become a tender symbol of bereavement support.

Star Legacy Foundation Ceramic Mug \$15.00

Enjoy your cup of warm beverage in our own Star Legacy cup.
