

Support for Parents after Pregnancy and Early Infant Loss

Participate in a clinical trial and receive free access to an app designed to support you on your grief journey.

The app includes information on:

- normalizing grief
- bereavement planning
- therapeutic tools to help you navigate your grief
- other resources

If you have had a pregnancy or early infant loss within the past two months, we want to hear from you.

As a participant, you will:

Receive free
access to the
app

Complete
three 20-
minute
surveys over
two months

Receive up to
\$150 for
participating
(\$50 per
survey)

Contribute to
research that
helps other
bereaved
parents

If you would like to participate, please reach out to our team.
